About the COPS Office	41

### Introduction

The Office of Community Oriented Policing Services (COPS Office) uses a web-based system to streamline grant management functions. The system allows for easily monitored processes and electronic records keeping. This manual contains step-by-step guidelines for setting up new users and e-signatures and for processing modifications, post-application modifications, withdrawals, and extensions for grants.

#### Setting up a new user

This option enables the user to establish accounts for the law enforcement executive (LE) and government executive (GE), or the program official (PO) and financial official (FO) for Community Policing Development (CPD) awards, whichever is applicable, and assign new users a number of grant management tasks associated with the various system applications (e.g., progress reports, SF-425, and COPS Office Application Program).

Note: At this time, the system displays only LE- and GE-type fields. Therefore, for CPD awards, the LE is the PO, and the GE is the FO.

#### Setting up an e-signature

The LE/PO or GE/FO will need to establish an electronic signature, which is critical for enabling an agency to sign important documents in the grant management process.

The process for setting up the e-signature should be performed only by the LE/PO or GE/FO. All signature fields within the Agency Portal will be validated against the signature provided on the **Account Information** page (see figure 3b on page 10).

#### **Requesting grant modifications**

A grant award modification is when the user submits a request to make changes to the approved COPS Office award.

The grant modification request workflow in the Agency Portal consists of the following steps:

- Generates a series of modification forms for the user based on the current contents of the award
- Allows the user to fill out the modification forms
- Accepts the completed forms from the user and stores the modification data in the database
- Submits modification details to the COPS Office for internal processing
- Receives an approval or denial notification from the COPS Office
- Receives a modified award document from the COPS Office, if applicable, reflecting the modifications
- Receives a modified Financial Clearance Memo from the COPS Office

#### Requesting grant extensions

A grant extension is when the user submits a request to extend the date of the grant award period.

The grant extension request workflow in the Agency Portal consists of the following steps:

- Generates an extension form for the user based on the current period of performance of the award
- Allows the user to fill out the extension form
- Accepts the completed form from the user and stores the extension data in the database
- Submits extension details to the COPS Office for internal processing
- Receives an approval or denial notification from the COPS Office

#### Requesting grant withdrawals

A grant withdrawal is when the user submits a request to terminate the award.

The grant withdrawal request workflow in the Agency Portal consists of the following steps:

- Generates a withdrawal form for the user
- Allows the user to complete the withdrawal form
- Accepts the completed form from the user and stores the withdrawal data in the database
- Submits withdrawal details to the COPS Office for internal processing
- Notifies the user of the completion of the withdrawal process

### **Setting Up New Users and E-Signatures**

#### New user set up

**Step 1A.** The user visits the *Agency Portal Login* page (figure 1a), enters his or her e-mail address and password into the associated fields, and selects Login.

#### Figure 1a. Agency Portal Login

**Step 3A.** To add a new user, the user selects the Add button (see figure 3a). If the user is not the law enforcement executive (LE) or government executive (GE), the user must first contact the COPS Office Response Center to establish the LE/GE's account, roles, and permissions.

Note: At this time, the system displays only LE- and GE-type fields. Therefore, for Community Policing Development (CPD) awards, the LE is the program official (PO), and the GE is the financial official (FO).

#### Figure 3a. Agency Users

# **Step 4A.** On the *Add/Edit User* page (figure 4a), the user completes the required information in the top section (i.e., the new user's e-mail, title, name, etc.).

#### Figure 4a. Add/Edit User

	CHRP Survey     Non-Hiring Archive       Roles:     Roles:
	Update Cancel

### **Step 5A.** Under the *Agency Portal* section, the user assigns the new user (i.e., assignee) the appropriate role by checking the desired box (see figure 4a).

Available roles include the following:

- Agency moderator This role allows the assignee to create, edit, or manage agency information, such as LE/GE information, the agency address, and the phone and fax number.
- User moderator If the LE/GE assigns this role to another user, that user can manage agency users' information, such as adding or deleting users, changing user permissions, and updating contact information. However, the assigned user moderator cannot edit his or her own information; thus, he or she will need to ask the LE/GE to do so.
- Law enforcement executive (LE) This role should be reserved for the LE/PO, as this role provides signature access for grant documentation.
   NOTE: The e-signature must be that of the LE/PO because this name will be used for all official award and grant

management documents, which only the LE/PO must sign; thus, the signatures must match exactly.

Government executive (GE) – This role should be reserved for the GE/FO, as this role provides signature access for grant documentation.

NOTE: The e-signature must be that of the GE/FO because this name will be used for all official award and grant management documents, which only the GE/FO must sign; thus, the signatures must match exactly.

• Chief legal officer – This role should be reserved for the agency's principal legal staff member.

The LE, GE, and chief legal officer roles should each be assigned only one user; a single user should not be assigned to more than one of these roles.

- **Step 6A.** Beneath the *Agency Portal* section, the user must check the permissions boxes associated with the various system applications (e.g., progress reports, SF-425, and COPS Application Program) to which the assignee should have access. The chief legal officer should be assigned access to the COPS Application Program.
- **Step 7A.** After establishing the roles and permissions for each new assignee, the user selects the **Update** button.
- **Step 8A.** After the user informs the assignee that his or her account has been created, the assignee must then visit the *Agency Portal Login* page (figure 1a), click the **Reset Password** link, and follow that page's instructions.

#### E-signature set up

Note: The process for setting up the e-signature must be performed only by the law enforcement executive (LE) or the government executive (GE). The system will validate all signature fields within the Agency Portal against the signature provided on the Account Information page (see figure 3b on page 10).

Note: At this time, the system displays only LE- and GE-type fields. Therefore, for Community Policing Development (CPD) awards, the LE is the program official (PO), and the GE is the financial official (FO).

**Step 1B.** The LE/GE visits the *Agency Portal Login* page (figure 1b), enters his or her e-mail address and password into the associated fields, and selects Login.

#### Figure 3b. Account Information

**Step 4B.** Once the user completes the required fields, the LE/GE selects the **Update** button, and the system will display a message that the user's information has been updated.

# Processing Modifications, Withdrawals, and Extensions

#### Accessing individual grants

- **Step 1C.** To access individual grants, the user logs into the Agency Portal.
- **Step 2C.** Under the *Agency Portal Menu* on the left, the user selects the **Grants Management** option, which displays a list of all grants associated with that agency (see figure 1c).

#### Figure 1c. Grants Management list

The grants are separated into four possible categories with designated status icons (see table 2c):

- **No Action Required.** The green icon indicates that the user can initiate a modification, extension, or withdrawal for that grant. The user cannot initiate these actions when any other icon is displayed.
- **Processing by COPS.** The blue icon indicates that the COPS Office is processing the grant, and therefore all options within the grant are disabled until processing is completed.
- **Unfinished Modification.** The yellow icon indicates that the user has begun modifying a grant but the modification is incomplete. When the user returns to this grant, the user has the option of cancelling or continuing the modification.
- Action Required. The red icon indicates that the COPS Office has approved the modification, and the modified grant requires signatures (see step 15D).

Table 2c. Status Icons

No Action Required	$\odot$
Processing by COPS	0 <sup>O</sup>
Unfinished Modification	$\wedge$
Action Required	

**Step 3C.** The user opens a specific grant by clicking its grant number (see figure 1c).

## **Step 4C.** On the *Grant Details and Budget Summary* page (figure 2c), the user initiates a modification, extension, or withdrawal request from the *Action* menu located at the bottom of the page.

ACTION								
Modify	Extend <u>Wit</u>	hdraw	Continue Mod	Cancel Mod	Sign Award	Docun	nents	

The *Grant Details* box to the left displays the current number of officers awarded, the groups into which the officers have been allocated, the award amount, and the remaining balance (if applicable).

The **Budget Summary** box to the right displays all **Budget Category** line items and associated amounts, including Total Project, Federal Share, and Local Share Amounts.

Buttons within the *Action* menu are enabled or disabled depending on the user's workflow.

- **Step 1D.** After completing steps 1–3C, the user initiates a modification by selecting the **Modify** option from the **Action** menu, as discussed in step 4C.
- **Step 2D.** In the *Modification Details* box (right side of figure 1d), CHP grantees may reallocate officer resources between the *New Hires, Rehires-Previously Laid Off, Rehires-Scheduled for Layoffs*, and *Uncategorized* categories. CAMP, AHTF, and CAGI grantees may modify only the *New Hires* category; the system will not permit modifications to the other categories.

Figure 1d. Modification Details page for reallocating officers awarded

For CHP grantees, the system *will not allow* the modification to exceed the original number of **Total Officers Awarded**, as shown in the read-only **Grant Details** box (left side of figure 1d).

For CAMP, AHTF, and CAGI grantees, the system *will allow* the modification to exceed the original number of **Total Officers Awarded**, but grantees must compensate for this increase by reducing costs elsewhere in their budget. The system will not allow the total budget for any modification to exceed the original grant award.

After making all necessary modifications, the user selects **Next**.

Note: If the LE modifies the Rehires-Scheduled for Layoffs field (highlighted red in figure 1d), the LE will proceed to step 2D-a. If this field is unaltered, the user will proceed to step 3D.

# **Step 2D-a.** If the user modified the *Rehires-Scheduled for Layoffs* field discussed in step 2D, the user must complete all applicable fields on the *CHP Award Modification Request* form (figure 2d).

Figure 2d. CHP Award Modification Request form for post-application layoffs

GRANTS MANAGEMENT								
	User Guide							
COPS Hiring Program Award Mo	dification Request							
(for post-application la	av-offs)							
COPS grantees that wish to modify their original COPS hiring award to move funding into the category of <i>Rehiring</i> Officers Laid Off Post-Application must complete this form. To be considered for a post-application lay-off modification into the rehire category, the grantee must be seeking to use COPS hiring funds to rehire officers who were officially laid off after the date the hiring application was submitted or to rehire officers who are now scheduled for lay-off on a specific date. The COPS Office will only consider a modification request after an agency has made final, approved budget and/or personnel decisions. If approved, COPS hiring grant funds may only be applied to the salary and benefits of officers following the scheduled lay-off date.								
below). Please contact the Legal Division at 202.514.3750(2) if you have an please see <u>COPS Hiring Program Modification FAQ's</u> ,	y questions. For frequently asked questions,

Law Enforcement Executive Signature:	Date 06/03/2016							

The user must fill out questions 8, 9, and 10 accurately and clarify if sworn officers were laid off prior to the application submittal or if sworn officers were expected to be laid off at the time of the application submittal.

The *Supporting Documentation* section identifies the proper documents the user needs to include to validate the modification request and support the re-categorization. The COPS Office will consider the request only if the user verifies that the layoffs occurred after the agency submitted its initial grant application and that the agency intends to use the funds to rehire the laid off officers.

Note: The user should understand that the agency must (1) rehire the officers on or after the official grant award start date, (2) maintain documentation showing the dates the sworn officers were laid off or rehired, and (3) comply with the nonsupplanting requirements described in detail in the Grant Owner's Manual.

Last, the LE/GE must provide an e-signature at the bottom of the page with the current, accurate date that the modification request is completed.

Note: The e-signature must be that of the GE/FO because this name will be used for all official award and grant management documents, which only the GE/FO must sign; thus, the signatures must match exactly.

After completing the form, the user clicks **Next** and proceeds to step 3D.

# **Step 3D.** After the *Budget Summary* modification page opens (figure 3d), the user selects the **Modify** button located beside each of the *Budget Summary* line items to make modifications (see steps 4–11D).

Users can add or delete positions by using the plus or minus icons located beside the *Position Title* dropdown box. After entering all modifications in the appropriate fields, the user then selects the **Save to Budget Summary** button. The system saves the updated data and returns the user to the *Budget Summary* modifications page (figure 3d).

**Step 6D.** When the user selects the **Modify** button displayed beside budget category item **C** on the **Budget Summary** modifications page (figure 3d), the system displays the **Equipment/Technology** modifications page (figure 6d).

From the *Equipment/Technology* modifications page, the user can make three types of modifications:

- Add. To enter a new line item, the user selects Add New and fills in all appropriate fields. Some fields such as the item name are required; if the user leaves required fields incomplete, the system will display an error message.
- Edit. To edit an existing line item, the user selects Edit to make changes to the number of items or unit cost. The *Item Name* and *Description* fields cannot be edited once an item has been added. Once the user has made all edits, the user selects the Update button.
- **Delete.** To remove an item, the user selects **Delete**.

When the user has finished adding, editing, or deleting a line item, the user selects the **Save to Budget Summary** button. The system saves the updated data and returns the user to the **Budget Summary** modifications page (figure 3d).

## Step 7D.When the user selects the Modify button displayed beside budget category item D on the BudgetSummary modifications page (figure 3d), the system displays the Supplies modification page (figure 7d).

Users can expand the four sections of the *Contracts/Consultants* modifications page (*Contracts, Consultant Fees, Consultant Travel, and Consultant Expenses*) to show all four at the same time or collapse the sections to display a few or only one at a time.

From the *Contracts/Consultants* modification page, the user can make three types of modifications:

- Add. To enter a new line item to any section, the user selects Add New and fills in all appropriate fields. Some fields such as the item name are required; if the user leaves required fields incomplete, the system will display an error message.
- Edit. To edit an existing line item, the user selects Edit to make changes to the number of items or unit cost. The *Item Name* and *Description* fields cannot be edited once an item has been added. Once the user has made all edits, the user selects the Update button.
- **Delete.** To remove an item, the user selects **Delete**.

When the user has finished adding, editing, or deleting a line item, the user selects the **Save to Budget Summary** button. The system saves the updated data and returns the user to the **Budget Summary** modifications page (figure 3d).

# Step 10D. When the user selects the Modify button displayed beside budget category item G on the Budget Summary modifications page (figure 3d), the system displays the Other Costs modifications page (figure 10d).

From the Other Costs modification page, the user can make three types of modifications:

- Add. To enter a new line item, the user selects Add New and fills in all appropriate fields. Some fields such as the item name are required; if the user leaves required fields incomplete, the system will display an error message.
- Edit. To edit an existing line item, the user selects Edit to make changes to the number of items or unit cost. The *Item Name* and *Description* fields cannot be edited once an item has been added. Once the user has made all edits, the user selects the Update button.
- **Delete.** To remove an item, the user selects **Delete**.

When the user has finished adding, editing, or deleting a line item, the user selects the **Save to Budget Summary** button. The system saves the updated data and returns the user to the **Budget Summary** modifications page (figure 3d).

If the user has no more modifications to make, the user can skip to step 12D on page 28.

Step 11D. When the user selects the Modify button displayed beside budget category item H on the Budget Summary modifications page (figure 3d), the system displays the Indirect Costs modifications page (figure 11d).

#### Explanation of Modifications

		0
Upload additional support documents for Modifications		
documentation, please contact your Grant Program Specialist/Program Manager at 1.800.421.6770.		Browse Add
	Cancel	Submit

If the user needs to make further modifications, the user selects **Cancel**, and the system returns to the **Budget Summary** modifications page (see step 3D on page 17), which retained all previous modifications, and the user repeats steps 4–12D until the user has finished making all changes.

If the user agrees with all modifications, the user enters an explanation for the modifications in the provided text field and may choose to upload additional support documents. The user then selects the **Submit** button to submit the modifications to the COPS Office.

#### **Step 14D.** The COPS Office staff reviews the modifications and either approves or rejects them.

In the case of a rejection, the COPS Office will send a notification via e-mail, and the grant's status changes to the green "No Action Required" (con within the Grants Management list (figure 1c), from which the user can initiate another request for a modification, extension, or withdrawal.

In the case of an approval, the COPS Office will send a notification via e-mail, and the system may need to regenerate and submit the award document package to the user for signing (see step 15D, figures 14d and 15d on pages 31 and 32).

**Step 15D.** If the COPS Office approves the user's request for a grant modification, the user needs to provide the law enforcement executive (LE) and government executive (GE) signature, or the program official (PO) and financial official (FO) for CPD awards, whichever is applicable.

Within the Grants Management list (figure 1c), the red "Action Required" 🔜 status icon will appear next to the modified grant. When the user hovers a mouse over the icon, text will appear indicating which signature is required.

### Note: At this time, the mouseover will display only LE- and GE-type signatures. Therefore, for CPD awards, the LE is the program official (PO), and the GE is the financial official (FO).

When the icon indicates that signatures are required, the Sign Award button within the *Action* menu (figure 2c) becomes available.

When the user selects this button, the system will open the updated award document, to which the LE (PO) and GE (FO) users can apply their electronic signatures in the expandable fields, provided they have the appropriate permissions (see figure 14d on page 31). For CPD awards, the PO should sign in the LE signature field, and the FO should sign in the GE signature field.

### Note: For TRGP-E/T grants, the LE (PO) and GE (FO) users must also apply their electronic signatures to a 28 CFR Special Condition box (figure 15d), which the system will add to the updated Award Document page (figure 14d).

Once the signatures have been captured, the grant's status will change to the blue "Processing by COPS" and icon.

Special Condition: Criminal Intelligence Systems/28 C.F.R. Part 23 Compliance
This Special Condition must be signed and returned to the COPS Office. If your agency applied for the COPS Office grant funding for technology that will be used to operate an interjurisdictional criminal intelligence system, you must agree to comply with the operating principles found at 28 C.F.R. Part 23. An "interjurisdictional criminal intelligence system" is generally defined as a system, which receives, stores, analyzes, and exchanges or disseminates data regarding ongoing criminal activities (such activities may include, but are not limited to, loan sharking, drug or stolen property trafficking, gambling, extortion, smuggling, bribery, and public corruption) and shares this data with other law enforcement jurisdictions. 28 C.F.R. Part 23 contains operating principles for these interjurisdictional criminal information systems, which protect individual privacy and constitutional rights. If you applied for the COPS Office grant funds to operate a single agency database (or other unrelated forms of technology) and will not share criminal intelligence data with other jurisdictions, or if you did not apply for technology funds from this grant. You must still complete this Special Condition, however, to confirm that 28 C.F.R. Part 23 will not apply to your grant.
Please check one of the following lines, as applicable to your agency's intended use of this grant, and return this signed Special Condition.
<ul> <li>Yes, my agency will use these COPS office grant funds to operate an interjurisdictional criminal intelligence system.</li> <li>Yes, my agency will use these COPS office grant funds to operate an interjurisdictional criminal intelligence system.</li> <li>By signing below, we assure that our agency will comply with the requirements of 28 C.F.R. Part 23.</li> </ul>
Government Executive: (For your electronic signature, please type in your name below.)
<ul> <li>By checking this box you understand that the use of your typed name above constitutes your electronic signature and that electronic signatures are the legal equivalent of handwritten signatures.</li> <li>Agency:</li> </ul>
Date:

If the user wishes to view the documents associated with this grant, the user can select the **Click Here** hyperlink on the Award Document (figure 14d), which will open a pop-up listing of all available document titles. If the user selects any of the titles, the document will appear in another pop-up window. Closing all of these windows will return the user to the updated Award Document (figure 14d on page 31).

Once the user completes the signature process, the grant's status changes to the blue "Processing by COPS" and icon within the Grants Management list (figure 1c).

Once the COPS Office approves the grant, the status changes to the green "No Action Required" icon within the Grants Management list, from which the user can initiate another request for a modification, extension, or withdrawal.

If the award document package was not regenerated as part of the COPS Office review process, the signature steps are not needed, and the grant status changes to the green "No Action Required"  $\bigcirc$  icon within the Grants Management list as soon as the COPS Office approves the modification.

#### Grant extension process

- **Step 1E.** After completing steps 1–3C, the user initiates an extension by selecting the **Extend** option from the *Action* menu, as discussed in step 4C.
- **Step 2E.** After the system opens a notification page (figure 1e), the user selects the **Continue** button to close the notification.

**Step 6E.** The user selects the **Submit** button, and the system submits the form to the COPS Office for processing.

After the user submits an extension request, the system sends the grant to the COPS Office, and the grant's status changes to the blue "Processing by COPS" icon.

If the COPS Office approves or denies an extension request, the COPS Office will send a notification via e-mail, and the grant's status changes to the green "No Action Required"  $\bigcirc$  icon within the Grants Management list (figure 1c), from which the user can initiate another request for a modification, extension, or withdrawal.

#### Grant withdrawal process

**Step 1F.** After completing steps 1–3C, the user initiates a withdrawal by selecting the **Withdraw** option from the **Action** menu, as discussed in step 4C.

### *Note: For CPD awards, the law enforcement executive (LE) is the program official (PO), and the government executive (GE) is the financial official (FO).*

**Step 2F.** After the system opens a notification page (figure 1f), the user selects the **Continue** button to close the notification.

### **Step 4F.** When done, the user selects the **Submit Withdrawal** button, and the system submits the form to the COPS Office for processing.

After the user submits a withdrawal request, the system sends the grant to the COPS Office, and the grant's status changes to the blue "Processing by COPS" icon within the Grants Management list (figure 1c).

If the COPS Office approves a withdrawal request, the COPS Office will send a notification via e-mail that the grant has been withdrawn, and the process ends.

If the COPS Office cancels a withdrawal request, the COPS Office will send a notification via e-mail, and the grant's status changes to the green "No Action Required" icon within the Grants Management list, from which the user can initiate another request for a modification, extension, or withdrawal.

## **About the COPS Office**

**The Office of Community Oriented Policing Services (COPS Office)** is the component of the U.S. Department of Justice responsible for advancing the practice of community policing by the nation's state, local, territorial, and tribal law enforcement agencies through information and grant resources.

Community policing begins with a commitment to building trust and mutual respect between police and communities. It supports public safety by encouraging all stakeholders to work together to address our nation's crime challenges. When police and communities collaborate, they more effectively address underlying issues, change negative behavioral patterns, and allocate resources.

Rather than simply responding to crime, community policing focuses on preventing it through strategic problem solving approaches based on collaboration. The COPS Office awards grants to hire community police and support the development and testing of innovative policing strategies. COPS Office funding also provides training and technical assistance to community members and local government leaders, as well as all levels of law enforcement.

Another source of COPS Office assistance is the Collaborative Reform Initiative for Technical Assistance (CRI-TA). Developed to advance community policing and ensure constitutional practices, CRI-TA is an independent, objective process for organizational transformation. It provides recommendations based on expert analysis of policies, practices, training, tactics, and accountability methods related to issues of concern.

Since 1994, the COPS Office has invested more than \$14 billion to add community policing officers to the nation's streets, enhance crime fighting technology, support crime prevention initiatives, and provide training and technical assistance to help advance community policing.

- To date, the COPS Office has funded the hiring of approximately 129,000 additional officers by more than 13,000 of the nation's 18,000 law enforcement agencies in both small and large jurisdictions.
- Nearly 700,000 law enforcement personnel, community members, and government leaders have been trained through COPS Office-funded training organizations.
- To date, the COPS Office has distributed more than eight million topic-specific publications, training curricula, white papers, and resource CDs.
- The COPS Office also sponsors conferences, roundtables, and other forums focused on issues critical to law enforcement.

The COPS Office information resources, covering a wide range of community policing topics—from school and campus safety to gang violence—can be downloaded at <a href="http://www.cops.usdoj.gov">www.cops.usdoj.gov</a>. This website is also the grant application portal, providing access to online application forms.

U.S. Department of Justice Office of Community Oriented Policing Services 145 N Street NE Washington, DC 20530
